President Dave's Message

"The devil is in the details." I'm sure many of you have heard this at some point either when you were employed or working on one of your home or garage projects. There is a lot of truth to this statement. At one point in my community college career I worked for a taskmaster who never lost an opportunity to find a project that I either did not complete exactly to her satisfaction or to openly criticize me for not performing the task exactly in the manner in which she would have undertaken it. As I rose through the ranks of administrative appointments, I never forgot this. I always tried to lead folks I supervised providing leeway in how they achieved our mutual organizational goals and at the same time soliciting their opinions. Typically, I collected and documented as much information as necessary to keep the lines of communication open and to make it easier for those who might have to assume my responsibilities.

So where is the tie in with our club? Over the past almost two years I have developed a detailed ledger regarding how the club functions, including correspondence and records about what has occurred and specifically detailed the Allandale show chair responsibilities. This is all being said to encourage a member or members to step forward and express willingness to lead the Dan'l Boone club into 2016 and beyond as vice-president and president. I promise to provide mentorship in much the way that our beloved Madge Rohrer did me and to make your experience a positive and supportive one. Yes, anytime one assumes leadership responsibilities for any group there will always be decisions or actions taken that may not be supported by all, but the important thing is to keep in mind the established goals and constantly move forward.

I look forward to seeing you at our September 14 meeting as we make final preparations for our Allandale Show. As I have distributed show flyers and have fielded calls I continue to receive positive feedback from previous Allandale participants. I encourage each of you to be in attendance on the 20th as we once again provide one of the finest car shows in the tri state region. See you on the 14th and 20th! *Dave*
