## PRESIDENT Randy Still's MESSAGE

We are moving into the end of the year's car activities. Allandale is done for another year and we have completed our summer Sonic Cruise Ins. The Club literally just about filled Sonic to capacity at our September Cruise In. The participation was exciting, and we added 3 new members! It is great to have our new members joining us for meetings and activities. It has been fun at recent events to get to know them and their car interests.

Personally, Don Wood and I have been prepping my 1927 Buick to participate in the Historic Preservation of Original Features Class at the annual meet in Hershey, PA which will be held October 12<sup>th</sup> but will be a part of history by the time you read this in the newsletter. My favorite part of Hershey is the variety of vehicles shown. A nice representation of early vintage brass and nickel era cars, Classic from the 20's through the 40's, 60's vehicles up through 1994 built cars. But, also, part of what makes Hershey special is the various type vehicles shown at the meet. I have seen antique busses, moving vans, snow plows, paddy wagons, military vehicles, turbine powered cars, and more.

The weekend of October 19<sup>th</sup>, I will take my 1972 Mercedes 280 SEL to the Euro Auto Festival in Greenville, SC. It is sponsored by BMW but features all types of vehicles built in Europe. This year the featured marque will be Bentley. It is a large judged show. My final car meet of the year will be attending the Hilton Head Concours on November 2<sup>nd</sup>.

We need to start thinking about our annual Christmas Banquet at Mafair United Methodist Church on December 10<sup>th</sup>. Also, think if you might volunteer to serve as an officer for our club next year or stage a draft campaign to nominate a club member. I look forward to seeing everyone on October 21<sup>st</sup> at Rush Street Restaurant to order about 6 pm and have our business meeting beginning between 7 and 7:30. Come get to know our new members and be sure to wear your name tag to help them learn who you are. Randy Still | President
