There was a great turnout for the FunFest Car Show this year with approximately 200 cars participating. Thanks to all the club members that came out to help make this a successful year.

The Kaiser Frazer National meet was held at the MeadowView Convention Center where some very special and unique cars were on display. We were very pleased to see several of our fellow car club members from Daniel Boone Region.

Our last Sonic Cruise-in was on July 27, 2018 we did get a little rain but nothing too much to complain about. There was no black bear Ruth held up to her word as she said he had been seen leaving the dumpster with a milk mustache from the ice cream that's just so cool. Due to our curiosity Ruth served us a sample of the Pickle Juice Slushy, that being said there was a bunch of sour faces.

Next meeting will be conducted at our **Picnic on August 13, 2018 at 6:00 p.m.** at

Eastman Shelter #9 but we ask that you arrive early to help with preparation. Please bring a covered dish of your choice.

Anyone that hasn't purchased an Allendale shirt already we ask that you do so at the picnic so please see Dave Williams for that purchase. It is better to buy now than wish you had later.

Randy Still attended a very high class event at the Concours of America in St. Jones, Michigan.

Board meeting planned for later in the month to discuss final details for Allendale September 16, 2018.

Some members plan to participate in the upcoming Atlanta Concours at Chateau Elan Resort on September 29 and 30, 2018.

Continued prayers are much appreciated for everyone that is sick or in need.

## Allandale 2018 Final Plans

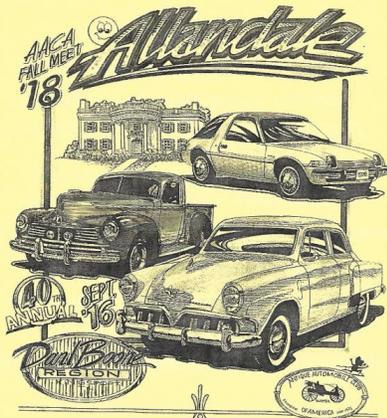

We hope to see you at our annual picnic! Allandale T-shirts will be available, so please make plans to purchase one or more there. Following the picnic we will decide whether we want to place a second limited run of certain sizes. Currently we have only 84 left out of our order of 154 shirts. Last year just prior to the Allandale show we had 100 shirts available for sale. All were sold.

I also will have show flyers at the picnic available for you to distribute at car shows. Remember this is important since **we are not mailing flyers this year**. Please let folks that you talk to know that we will not mail. Currently I have distributed close to 1000. I plan to be at the FOP show this month and will distribute more there. Please help us spread the word.

Again, we now have a Facebook account: Dan'l Boone Car Club. Please like it and share this info with others who may wish to track our events. I encourage you to make posts of interest to our membership and share with others who may access our account.

The Sullivan South Air Force Junior ROTC will be on site as usual to help with donation collection and spectator parking. Last year they were instrumental in leading grounds clean up. They may also provide additional personnel to assist with registration. The band boosters will be serving delicious food items as in the past. Just pray for good weather! Finally, please make plans to attend Allandale and provide assistance if you are able and available!
