October 2021

RAMBLINGS FROM RANDY - October 2021

President Randy Still

WOW! September was a busy month for our Region. We moved our monthly Region Meeting up earlier in the month to accommodate planning for Allandale.

Then, on September 11th, several members participated in the AACA National Meet in Greer, SC. Lewis Safriet was there judging. Mike and Melissa McIntosh were there showing their ultra-low mileage 1955 Chevrolet in the Historical Preservation of Original Features Class. Don Wood pulled a trailer to the meet and showed my 1981 Cadillac Eldorado Biarritz which was awarded a Senior Award. Gary Head drove my 1996 Cadillac Fleetwood Brougham which got a 1st Junior Award. I drove the 1972 Lincoln Continental which got a 2nd Junior Award. Another friend drove my Dad's former 1995 GMC Suburban which got a Senior Award and another friend drove the 1979 Lincoln Mark V which got a 2nd Junior Award. There were about two hundred vehicles on display and the weather was perfect.

Then on September 19th, we had our annual meet at Allandale Mansion. Dave Williams improves his planning each year which insured a smooth-running event. The spirit among our members, guests, Junior ROTC and West Ridge High Band Boosters was upbeat and exactly what we strive for. Our Fun Fest sponsor, Eddie Williams and our Sonic Cruise In, Ruth Ford were both there to select special awards and to support our show. The Jeep Owners, Mustang Club, Kingsport Antique and Rod Club, Electric Vehicle Group, Appalachian British Car Club, all participated to make the event the success it was. The Modelers' Club provided exhibits in the Mansion and even provided youngsters with kits to build themselves. The vehicles brought by our members helped to widen the variety of vehicles displayed on the Show field. Thanks to all our members who participated in making our event so good!

Friday, September 24th found our members at Sonic for another Cruise In. Several members brought tables and chairs which worked great since we had many members in attendance. As usual, fellowship was enjoyed by all as we discussed the recent

Allandale Show and talked cars. I got a verbal approval from members present to change our October meeting night to the 3rd Tuesday so that we could again meet at Rush Street. Ruth Ford took good care of us and no one left hungry.

THEN , PLEASE NOTICE OUR MEETING IS THE 3RD TUESDAY THIS MONTH! , October 19th. RUSH STREET is CURRENTLY CLOSED ON MONDAYS. Our monthly meeting at Rush Street Grill with dinner at 6pm followed by our meeting at 7:15. Following the business meeting, we will enjoy photos of a car Museum in San Marcos, Texas provided by Sergio. I look forward to seeing you there!

Remember the October 16th Nottingham UMC Car Show which is organized by our members, Lewis and Norma Safriet. *Randy*

1928 Model A Ford

Featured Jeeps at Allandale

VW Camper

Don Wood's Ford Ranger Truck

Notes from Dave Williams

I received an inquiry from the organizers of the Model City Antique and Flea Market requesting our club to display club vehicles. The event runs October 22-24. I forgot to mention this last night. We were asked in 2020, but the event was cancelled due to COVID. If we have members planning to attend this event anyway it would be nice to have DBCC vehicles there. Might be an effective way to attract new club members!

<https://www.modelcityantiqueandflea.com/>;

Two friends from the NETN Mustang Club (Shannon Frances and Tilessia LaFleur) contacted me at the Allandale Show expressing interest in joining our club. I have invited them both to attend our October meeting. Tilessia, her husband Lee, and their teenage son Henson plan to attend. Nice folks who are enthusiastic and would be good members. If they are first timers, can we receive free 2020 AACA membership?

We need to encourage attendance at the ninth annual Nottingham UMC Car Show (Lewis and Norma) on October 16th.

Finally, I will provide a report on the Allandale Show at the October meeting. I am requesting that members provide feedback on the event.

Thanks to Dave Williams and all the other Members who helped with the event, it wouldn't have been a success without your work.
